Warranty...

Ortho Active warrants its products against defects in material and workmanship. The retailer has the responsibility of making a reasonable decision regarding the product life, abuse and defective state of a returned product. If a decision is made that a product is defective and the retailer decides to supply the client with a replacement product, the defective product must be returned to Ortho Active with a dated copy of the retail sales slip so that replacement arrangements can be made. Ortho Active, however retains the right to make the final decision regarding the defective state of the product and its credibility for replacement.

Custom Made Products...

Here at Ortho Active, we will attempt to customize anything made of neoprene to meet your needs. Call us if you would like custom information. All custom made products are non-returnable, but are included under our warranty.

Washing Instructions...

All softgoods should be washed with a non detergent washing solution. Be sure to remove all stays or steels if you can (mark them with a felt pen for Left or Right). It is best to leave the brace to dry (out of the sun and away from heating vents). Do not place your brace in the washing machine or dryer. Careful washing will prolong the use of your brace.
